We apply our **MIND** to the **JOURNEY** that takes us to our **DESTINY**

Value Proposition

We help organizations identify human capital and management capabilities needed to accomplish the organization's business goals, secure senior management support for the development processes, develop tailored management development interventions which are aligned with the business needs, introduce integrated coaching & mentoring for performance, and achieve individual & organizational accountability.

Training & Development

Training Needs Analysis: Effective training and development depends on knowing what results are required for individual, department and organization.

Personal Development Planning: Development is a lifelong process of nurturing, shaping, and improving skills, knowledge, and interests in order to enhance effectiveness and adaptability, and minimize the chance that skills might become obsolete or made redundant.

Work-Integrated Learning (WIL)

Institutions of Learning & Industry Skills Development Programme forms part of Cooperative Education offerings. The key elements of the programme are:

- Work-Integrated Learning (WIL)
- Employability & Readiness Training
- Skills Development

Continuous Professional Support

Coaching: Coaching is effectively used as one of a range of learning activities when a client has potential that can best be developed through a focused relationship with the coach.

We apply our **MIND** to the **JOURNEY...**

Mentoring: Mentoring is a relationship in which one person (the mentor) - usually someone more experienced and often more senior - helps another (the mentee) to discover more about his or her personal qualities, capabilities and potential.

Change Management

“The only thing that is constant is Change”, Heraklit of Ephesus (about. 540 - 480 BC.).

Change Management involves conception, planning, organization, implementation, control and stabilization of the change processes of an organisation, with the aim to maximize the effectiveness and efficiency of the processes and to reach the widest possible acceptance by managers and employees.

Strategic Planning

Strategic planning provides an organization with a frame-work for: understanding its position in the market place, moving forward with a sense of direction, purpose and urgency, focusing on issues such as quality, productivity and customer satisfaction, improving motivation, communication, and changing to deliver required results.

Diversity Management & Inclusion

Create culture that values Diversity & Inclusion

Facilitates implementation of Diversity Management

Introduce Diversity Management practices based on respect and dignity

Remove cosmetic practices out of the organization; promotes employment and advancement opportunities
